P.97 ex.3

The food on the ship tasted awful.
That's why I tasted everything carefully
I felt terrible for most of the trip-
When I saw the Statue of Liberty, I quickly felt much better.
Suddenly everyone looked happy too.
When we arrived, I looked around excited

P.83 ex.2b

Ursula, I never stopped searching for you, I am so glad that you've found me!
How are you doing, when can we Meet again?
I really have been missing you, since you disappeared.
I now have a family and children, how about you?
Have you found somebody you love?
I can't wait any longer to meet you again!

With best regards:

Johan Forester(Förster)

KV 43 Working with Langaue

Nr.1

I came to the US in 1923. at first I missed my old home terribly, but I never thought of returning. My first Hob was working in the house of a rich family.
They didn't treat me very well, so after a few months I left and started working for another family. They were very nice to me and never said anything cruel about my bad English ÷ the opposite of the first family. I learned English quickly and I started writing about my impressions of my new home. People thought they were interesting and after a while I started selling articles to a national newspaper. I was earning amazingly good money! America really was a land of new possibilities for me
